

## 5. Psych-alone

Psych-alone psych-alone

Psych-alone

I feel like everybody hates me

Things are going through my mind

And what happened to me last night

Was it something that I said

I was stressed, and yeah

I've been pulling out my hair; all the things at home (psych-alone)

Feels like I'm carrying a heavy stone

In the middle of a psych-alone

(Psych-alone psych-alone)

Feeling like I'm all alone

(Psych-alone psych-alone)

I keep calling but there's no one home

(Psych-alone psych-alone)

In the middle of a psych-alone

(Psych-alone)

I feel like everybody's leaving

My disasters never end

And what happened to me last week

I'd be lost without my friends

I was scared, and yeah

I'm pulling out my hair

And the things at home

In the middle of a psych-alone

(Psych-alone psych-alone)

Feeling like I'm all alone

(Psych-alone psych-alone)

I keep calling but there's no one home

(Psych-alone psych-alone)

In the middle of a psych-alone

(Psych-alone)

Hey hey hey yo

I've been pulling out my hair

Hey hey hey yo

Sometimes life is so unfair

Hey hey hey yo

This head space is a danger zone

Hey hey hey yo

Psychologically alone

In the middle of a psych-alone

(Psych-alone psych-alone)

I'm feeling like I'm all alone

(Psych-alone psych-alone)

I keep calling but there's no one here beside me blinded by the lightning

(Psych-alone psych-alone)

And I'm spinning in a psych-alone

(Psych-alone)

Oh oh oh oh oh oh oh oh oh

In the middle of a psych-alone

Oh oh oh

I'm feeling like I'm all alone

Oh oh oh
